How to Win?

Understand you never win a Regular or a Big Bonus out of blue -- you must go through a winning process. That is, you play "Normal Games" first, get a "Winning Sign," and move on to "Stand-by Games" that offer you chances to win a Regular or a Big Bonus. For details, see "[How to Win?](#)" in the section "Pachislo World." Also see "[Winning Signs and Small Prizes](#)" to win small prizes.

Sindbad Zone and Game Flow

Sindbad Adventure has a unique game mode, called "Sindbad Zone."

Once you enter the Sindbad Zone, you can win a bonus round at the rate of 33%! It lasts approximately 20 games.

Winning Signs

To win prizes, you need to know a variety of machine actions that show winning signs for oncoming prizes. Here are examples.

Machine Action (1) Fight the Cyclop!

Machine Action (2) Wheel of Fortune!

Machine Action (3) Changing Background

Pay Attention to the background. When it changes, it may be a sign for an oncoming prize.

"Full moon" is the best!!

Machine Action (4) Treasure Box

When a treasure box in the middle of screen pops up a winning symbol, you will win the prize accordingly.

Machine Action (5) Others

This section shows three examples of other machine actions. The first is a slot machine screen with a red circle around a '7' symbol and a label 'Alien'. The second is a slot machine screen with a red circle around a '7' symbol and a label 'Octopus'. The third is a screen showing a character and a '7' symbol with a label 'Bowling Ball'.

You will see many other machine actions. These are some examples.

Machine Action (6) A Big Break!!

When you see a bird flying by, it is a sign for an oncoming prize. This bird is called "Rock" that brings you good luck. If the Sindbad girl appears, following Rock, it is a sign for the Big Bonus oncoming!

There is a super rare machine action that follows Rock. It is a 17-second freeze. After this big break, you will enter the so-called "Great Voyage" -- the special Big Bonus that reproduces Big Bonus again and again!! It is said that the Great Voyage gives the Big Bonus 9 times on average, at least 4 times!!!

To play the Big Bonus...

Winning another Big Bonus!!

During the Big Bonus, you win 15 credits easily by stopping the reels according to the arrow that appears right under the reel window (see above) -- in this case you stop the reels from right to left.

When you see "Chance" in the arrow, the machine shows a <7> on the right and middle reels. If you nail a <7> on the left reel, you will enter another Big Bonus after finishing the bonus round!

You can earn 630 credits on average, 711 credits maximum from the Big Bonus.
